

OPTICAL

BRAND OVERVIEW

"FOR OVER 120 YEARS, **HARLEY-DAVIDSON** IS ONE OF THE MOST RECOGNIZABLE BRANDS IN THE WORLD."

THE BRAND HISTORY

A symbol of Americana at its best! For over 120 years, the Harley-Davidson name has represented the essence of freedom, rebellion, and non-conformity.

It all began with the motorcycle, the core of the Harley-Davidson experience. In 1903, William Harley partnered with Arthur, William, and Walter Davidson to build their first motorcycle in a 10' x 15' shed in a Milwaukee backyard. Their creation has become not only a fixture on the world's highways, but a symbol of freedom, adventure, and individuality.

THE EYEWEAR FACTS

- Harley-Davidson's new eyewear collection fearlessly merges technology and style to meet the most stringent demands of all kinds of riders.
- With its durable, impact-tested ANSI-rated lenses, the Harley-Davidson Performance Series is fully-equipped to combat all types of weather and handle even the most hazardous riding conditions.
- At Marcolin, it is our challenge and goal to design products for everyone who shares an affinity with the Harley-Davidson brand.
