

"WORK, LIFE & OUTDOOR. THEY ENCOMPASS ALL OUR PRODUCTS, WHETHER ON THE JOB, TRAIL, STREET OR STAGE."

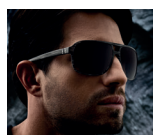

THE BRAND HISTORY

Without New England's fierce and demanding environs, there would be no Timberland. We started by equipping workers to power through the toughest outdoor environments. In 1973, an icon was born Timberland's original yellow boot.

Today Timberland's versatile collections reflect its rich legacy of craftsmanship, function, and fashion. Timberland strives to be Earthkeepers in everything they do, by making products responsibly, protecting the outdoors and serving communities globally. Timberland inspires and equips the world to step outside, work together and make it better.

THE EYEWEAR FACTS

- Over 50% of the collection are Earthkeepers styles, comprised of at least 35% bio-based plastic material. The innovative material has a comfortable, soft touch, designed for long lasting wear.
- All Timberland sunglasses are polarized and 100% of the hinges, screws, and small metal parts used in the Timberland collection are lead free.
- Supporting the sustainability message the Timberland case is foldable and made out of recycled paper material.

ICONIC BRANDING

by the numbers...

AVERAGE OPTICAL PRICING:
WHOLESALE \$65, RETAIL \$176

AVERAGE SUN PRICING:
WHOLESALE \$53, RETAIL \$106

why the brand?

EARTHKEEPERS

Earthkeepers styles contain at least 35% bio-based material, derived from the seeds of castor oil plants. This is used in place of petroleum-based material, which is typically found in eyewear frames.

ECO-CONSCIOUS

70% of US consumers think it is important that a brand is sustainable or eco-friendly (Source: IBM and National Retail Federation Federation, January 2020)

DIVERSE SIZING

Sizes range from Big and Tall to Teen, so everyone can find their most comfortable fit.

Timberland mission.

The way we consume fashion is having a huge impact on our environment; but with tempting offers and the desire to keep up with the latest trends, sustainability isn't always front of mind when it comes to our purchases. At Timberland, we're doing our bit by making it easier for you to make eco-conscious decisions when buying your shoes and clothing.

The way we consume fashion is having a huge impact on our environment; but with tempting offers and the desire to keep up with the latest trends, sustainability isn't always front of mind when it comes to our purchases.
